## **6 WEEK PASS COURSE**

*(terms & conditions apply)*

The 6 Week Pass Course is for someone who has already passed the theory test.

As a starting point we will give you an assessment lesson. We like to keep things friendly and relaxed but it's important for one of our driving instructors to take a look at your current standard of driving so they can recommend how many hours of driving tuition you need to prepare for the driving test. The number of lessons you need will depend on your previous experience and your ability. So we will tailor the 6 Week Pass Course to suit your particular driving needs.

From here we will book your driving test in 6 weeks time and you will take the required number of lessons over the 6 week period leading up to your driving test. The cost of the course will be based on how many lessons you need to prepare for the test. Your instructor will give you a quote for the 6 Week Pass Course at the end of your assessment lesson. Then it's up to you whether you want to enrol on the 6 Week Pass Course. The choice is yours and we won't try and pressure you into something you don't want to do.

We do loads of the 6 Week Pass Courses. They are really popular and have a high pass rate.
